

RESPONSE

THE ULTIMATE SOLUTION FOR 24/7 COMMAND AND CONTROL ROOM OPERATIONS

The Ultimate Console

Evans Response™ sit-stand approaches the ergonomic challenges of the control room simply: allow the environment to respond to the needs of the user. By combining electrically actuated sit-stand functionality with the dynamic variability of the optional Unity Monitor Arm™, Evans gives the end user complete command of their environment at the touch of a button! Ergonomically designed to help promote blood circulation and improve user alertness, the sit-stand Response™ is changing the console industry. The implementation of such ergonomic standards have been shown to enhance the health, efficiency and productivity of users. The Evans Response™ is truly in a class of its own!

THE EVANS ADVANTAGE

Over **30 years** of manufacturing experience

Equalling over **9000 successful** installations worldwide

Rich and Diverse **Fortune 500** client list

Government Agencies, Oil & Gas, Airports, Air Traffic Control, Chemical Plants, Military **and More**

An **ISO 9001** Certified Manufacturer

Evans Quality Assurance ensures that **all** clients consistently receive control center solutions that **precisely match** their intended application

Greenguard Certified Products

Products designed for use in office environments and other indoor spaces meet strict emissions limits, which contribute to the **creation of healthier interiors**.

Steel frame structure and sub structure

Free standing without the need of panels, robust and built to last the abuse of **24/7 intensive** use environments.

DESIGNED FOR 24/7 ENVIRONMENTS

With a tough modular frame, the Response™ console is made for the toughest 24/7 environments, and is becoming the solution of choice in mission critical facilities worldwide. Durable laminate work surfaces and a solid steel frame are built to withstand even the most intense day-to-day rigors.

Ergonomic Nosing:
Specially designed soft waterfall nosing

Integrated Millwork:
Shelving, open and enclosed storage built right into your console

Equipment and Cable Management:
Cables to work surface mounted devices are routed through an E-chain cable management system, for clean and efficient routing and bundling.

Sit-Stand Controls:
Surface mounted dual safety switches allow touch of a button work surface height adjustment

Operator Comfort:
Numerous operator comfort options such as environmental controls, white noise, task lighting and more

Dynamic Unity Monitor Arm™ (Optional): Unique electrically actuated tilt & height adjustment capabilities. Effortless forward & back glide track movement.

GREENGUARD, the most familiar product certification and a globally recognized leader in indoor air quality, has been certifying products since 2001. GREENGUARD is an independent third party certification program that certifies products for low non-toxic emissions. Our furniture is manufactured using recycled and low emitting materials that help our customers meet and exceed environmental standards in their projects. Evans products can be constructed in such a way that they support the LEED Certification of your facility.
