Aqeri
21400

Industrial PC
Rack mount 4U

Ruggedized industrial PC that can be used both as a freestanding workstation and as a rack mounted unit. Designed to withstand tough environments where operators place high demands on function and reliability. The encapsulation class is IP-65, which makes Aqeri 21400 well suited for harsh environments. The chassis is made of extruded aluminum profiles, aluminum front and a rubber suspended internal chassis. Aqeri 21400 has been tested and approved for use in environments with great temperature variations, strong electromagnetic fields and heavy vibrations.
