Aqeri

9352

KVM-Switch

Aqeri 9352 is a rugged 19" rack mountable terminal switch for use in harsh environments. The unit includes a switching unit for sharing one keyboard, one pointing device and one monitor between up to 4 different computers. Occupying only 1 height unit in the rack, it is suitable for space critical applications. The unit is fully sealed for protection against dust and corrosive elements. A fully aluminum construction stands for low radiation and high noise immunity. The rugged design gives protection against shock and vibration.

Features:

- > Fully sealed all aluminum 19" 1U chassis
- > No external power required
- > Unique emulation with one Computer for each channel
- > VGA support up to 1600 x 1200

TECHNICAL SPECIFICATIONS

Channels: 4 or 8
Emulation: One computer per channels

I/O Interfaces

VGA: x1
PS/2: x1
Mouse: x1
DB15 for Computers: x4 or x8

CONNECTORS

PS/2: DIN5F
Mouse: DSUB
VGA: HD-DSUB
Computers: DB15

PHYSICAL CHARACTERISTICS

Dimensions: 440 x 44 x 200mm (WxHxD)
Weight: 3 kg
Color: Green, other optional

ELECTRICAL SPECIFICATIONS

Power requirements: No external power required

ENVIRONMENTAL CHARACTERISTICS

Designed to fulfill
(Other standards on request): MIL-STD-461E
MIL-STD-1275B
MIL-STD-810G
European CE

Temperature Operating: -20°C to +55°C
Vibration Operating: 10-500Hz 1,04g rms
Shock Operating: 15g, 11ms, ½ sine wave
Humidity: 5% to 95% non condensing
Altitude Operating: 3000m
