S15AB

Latest Generation of 15.6" Rugged Notebook PC

Measuring only 29.5mm in thickness and 2.6kg in weight, S15AB offers unparalleled mobility like no other laptops, be it commercial or rugged. It offers more durability than commercial laptops and other semi-rugged PCs. Being certified for IP5X and MIL-810G, it is ideal for workers who need to step outside of office from time to time. Designed with Intel® 5th Gen. CPU and the largest display of any semi-rugged laptop, it provides performance second to none. S15AB is the only rugged notebook in its class to provide high mobility, full connectivity and outdoors viewing one slick package.

INCREDIBLY THIN, LIGHT AND STRONG

S15AB redefined what a rugged notebook PC shall be. With the ultra-thin and lightweight exterior measures only 29.5mm in height and 2.6kg in weight, it meets the outdoor durability with IP5X and MIL-STD 810G certificaiton.

FAST CONNECTIVITY

S15AB becomes with 4G LTE, Bluetooth4.0 and Wi-Fi communication, allowing seamless connectivity duringcritical missions at amazing speeds. Moreover, built-in GPS provides accurate location tracking and geographic overview.

LTE | Wi-Fi | GPS | Bluetooth

ERGONOMIC DESIGN

S15AB is designed with the Ergonomic Hard Handle for the mobility of workers. It also provides the RF Hardware Switch to easily control your communication devices.

SUPERIOR SECURITY

S15AB is equipped with Trusted Platform Management (TPM) chip to protect against unauthorized software modification and data theft.

15.6" FULL HD LCD DISPLAY

Built with a 15.6" Full HD (1920x1080) Display, S15AB offers sensational viewing experience by displaying more viewing content with finer details.

HDMI

S15AB comes with a HDMI interface for High Definition digital video and audio output. The HDMI is able to support the high resolution up to 4K.
