

STRATEGY AIR™ SIT-STAND

EXPERIENCE THE FREEDOM

Advanced ergonomic design complements the style and durability of the open concept Strategy Air™. Designed for 24/7 lifetime use, Strategy Air™ Sit-Stand combines the latest in operator comfort and ergonomics with superior cable management and technology integration.

Strategy Air™ Sit-Stand is a fully scalable solution for control rooms that take advantage of remote server technology. The innovative cable management system allows the console and the operator to be free from IT infrastructure and unsightly cables while offering long-term durability, functionality and a modern look and feel. Strategy Air™ Sit Stand has been ergonomically designed to enhance the health and productivity of operators, giving flexibility to interact with their immediate environment.

THE EVANS ADVANTAGE

Over **30 years** of manufacturing experience

Equalling over **10,000 successful** installations worldwide

Rich and Diverse **Fortune 500** client list

Government Agencies, Oil & Gas, Airports, Air Traffic Control, Chemical Plants, Military and More

An **ISO 9001** Certified Manufacturer

Evans Quality Assurance ensures that all clients consistently receive control center solutions that **precisely match** their intended application

Greenguard Certified Products

Products designed for use in office environments and other indoor spaces meet strict emissions limits, which contribute to the **creation of healthier interiors.**

Steel frame structure and sub structure

Free standing without the need of panels, robust and built to last the abuse of **24/7 intensive** use environments.

FREEDOM to MOVE

The Strategy Air™ Sit-Stand allows the operator to move from a seated to a standing position easily and quickly. The added mobility of the Strategy Air™ Sit-Stand contributes greatly to the comfort and health of the operator, reducing down time and creating a more effective work environment.

UNLIMITED DESIGN OPTIONS

Place individual consoles, rows of operators, or clusters of collaborative groups in your control room layout with ease. The modular design of Strategy Air™ Sit-Stand fits your needs today, and allows you to adapt to future requirements. Our unique bridge system not only links curved console layouts, but provides equipment storage and management.

REMOVABLE PC HOLDER

The Strategy Air™ offers a removable PC holder for environments that require local PC access.

Environments that have incorporated remote server technologies can remove the PC holder and enjoy the true open concept that the Strategy Air™ Sit Stand showcases.

Bridge with equipment storage

Removable PC holder option

Enhanced cable management raceways

FREE FROM CABLE AND CORDS

Part of Strategy Air's beauty is not what you see; it's what you don't see. The integrated cable management hides cables within the frame providing easy access throughout the console. The simple open design leaves a clean, clutter free workspace with a slick modern look.
